---

Hi David,

I need a length over score nucleotide sequence search on SEQ ID NO:21 in the above entitled case, which is a 20mer. I need the lower and upper limits to be 8 and 50, respectively, I need any hits that are above 65% complementarity, and please transfer as many hits into the excel program as possible. Please do not search the interference databases at this time.

Thanks,

Doug Schultz
